SECTION 1. IDENTIFICATION

| Product name | : | Betamethasone (0.05%) Lotion Formulation | | | | | |
|---|---|--|--|--|--|--|--|
| Manufacturer or supplier's details | | | | | | | |
| Company name of supplier | : | Organon & Co. | | | | | |
| Address | : | 30 Hudson Street, 33nd floor | | | | | |
| | | Jersey City, New Jersey, U.S.A 07302 | | | | | |
| Telephone | : | 1-551-430-6000 | | | | | |
| Emergency telephone | : | 1-215-631-6999 | | | | | |
| E-mail address | : | EHSSTEWARD@organon.com | | | | | |
| Recommended use of the chemical and restrictions on use | | | | | | | |
| Recommended use | : | Pharmaceutical | | | | | |
| Restrictions on use | : | Not applicable | | | | | |

SECTION 2. HAZARDS IDENTIFICATION

| GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200) | | | | | | |
|---|---|--|--|--|--|--|
| Flammable liquids | : | Category 2 | | | | |
| Eye irritation | : | Category 2A | | | | |
| Reproductive toxicity | : | Category 1B | | | | |
| Specific target organ toxicity - single exposure | : | Category 3 | | | | |
| Specific target organ toxicity - repeated exposure | : | Category 1 (Pituitary gland, Immune system, muscle, thymus gland, Blood, Adrenal gland) | | | | |
| GHS label elements Hazard pictograms | : | | | | | |
| Signal Word | : | Danger | | | | |
| Hazard Statements | : | H225 Highly flammable liquid and vapor. H319 Causes serious eye irritation. H336 May cause drowsiness or dizziness. H360D May damage the unborn child. H372 Causes damage to organs (Pituitary gland, Immune system, muscle, thymus gland, Blood, Adrenal gland) through prolonged or repeated exposure. | | | | |
| Precautionary Statements | : | Prevention: P201 Obtain special instructions before use. | | | | |

| Notes | to physician | | | cally and supportively. | | |

SECTION 5. FIRE-FIGHTING MEASURES

| Suitable extinguishing media | : | Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical |
|---|---|---|
| Unsuitable extinguishing media | : | High volume water jet |
| Specific hazards during fire fighting | : | Do not use a solid water stream as it may scatter and spread fire. Flash back possible over considerable distance. Vapors may form explosive mixtures with air. Exposure to combustion products may be a hazard to health. |
| Hazardous combustion prod- ucts | : | Carbon oxides |
| Specific extinguishing meth- ods | : | Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area. |
| Special protective equipment for fire-fighters | : | In the event of fire, wear self-contained breathing apparatus. |

SECTION 6. ACCIDENTAL RELEASE MEASURES

according to the OSHA Hazard Communication Standard

Betamethasone (0.05%) Lotion Formulation

| Vers 4.1 | | sion Date: 6/2024 | | S Number: 71267-00012 | Date of last issue: 09/30/2023 Date of first issue: 05/30/2019 |
|---|--------------|----------------------------------|---|--|--|
| Personal precautions, protec- tive equipment and emer- gency procedures | | : | Remove all sources of ignition. Ventilate the area. Use personal protective equipment. Follow safe handling advice (see section 7) and personal protective equipment recommendations (see section 8). | | |
| | Environmenta | al precautions | : | Prevent spreading oil barriers). Retain and dispos | akage or spillage if safe to do so. g over a wide area (e.g., by containment or se of contaminated wash water. should be advised if significant spillages |
| | | materials for and cleaning up | : | Suppress (knock of jet. For large spills, pr containment to ke can be pumped, s container. Clean up remainin absorbent. You will need to egulations are applicable. 5 of this SDS provide information regarding tional requirements. |

SECTION 7. HANDLING AND STORAGE

| Technical measures | | See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section. If sufficient ventilation is unavailable, use with local exhaust ventilation. Use explosion-proof electrical, ventilating and lighting equip- ment. |
|-------------------------|---|--|
| Advice on safe handling | : | Do not get on skin or clothing. Do not breathe mist or vapors. Do not swallow. Do not get in eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment Non-sparking tools should be used. Keep container tightly closed. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Take precautionary measures against static discharges. |

Disposal methods

| Waste from residues | : | Dispose of in accordance with local regulations. Do not dispose of waste into sewer. |
|------------------------|---|--|
| Contaminated packaging | : | Empty containers should be taken to an approved waste handling site for recycling or disposal. Empty containers retain residue and can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose such containers to heat, flame, sparks, or other sources of ignition. They may explode and cause injury and/or death. If not otherwise specified: Dispose of as unused product. |

Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

SECTION 15. REGULATORY INFORMATION

CERCLA Reportable Quantity

Listed substances in the product are at low enough levels to not be expected to exceed the RQ

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.
