	Emerge	ency telephone number	· :	+1-215-631-6999)
	E-mail a	address	:	EHSSTEWARD@	⊉organon.com
	Recom	mended use of the ch	nemi	cal and restrictio	ons on use
		nended use ions on use	:	Pharmaceutical Not applicable	

2. HAZARDS IDENTIFICATION

GHS Classification Carcinogenicity	:	Category 2
Reproductive toxicity	:	Category 1A
Effects on or via lactation		
Long-term (chronic) aquatic hazard	:	Category 1
GHS label elements Hazard pictograms	:	
Signal word	:	Danger
Hazard statements	:	H351 Suspected of causing cancer. H360FD May damage fertility. May damage the unborn child. H362 May cause harm to breast-fed children. H410 Very toxic to aquatic life with long lasting effects.
Precautionary statements	:	Prevention:

Progesterone Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 2023/04/04
5.1	2023/09/30	5155497-00010	Date of first issue: 2019/10/17

P201 Obtain special instructions before use.
P202 Do not handle until all safety precautions have been read and understood.
P260 Do not breathe dust.
P263 Avoid contact during pregnancy/ while nursing.
P264 Wash skin thoroughly after handling.
P270 Do not eat, drink or smoke when using this product.
P273 Avoid release to the environment.
P280 Wear protective gloves/ protective clothing/ eye protection/ face protection.

Response:

P308 + P313 IF exposed or concerned: Get medical advice/ attention.

P391 Collect spillage.

Storage:

P405 Store locked up.

Disposal:

P501 Dispose of contents/ container to an approved waste disposal plant.

Other hazards which do not result in classification

Dust contact with the eyes can lead to mechanical irritation. Contact with dust can cause mechanical irritation or drying of the skin. May form explosible dust-air mixture if dispersed.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

Chemical name	CAS-No.	Concentration (% w/w)
Progesterone	57-83-0	>= 25 -< 30
Titanium dioxide	13463-67-7	< 1

4. FIRST AID MEASURES

General advice	 In the case of accident or if you feel unwell, seek medical advice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	: If inhaled, remove to fresh air. Get medical attention.
In case of skin contact	 In case of contact, immediately flush skin with soap and plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.

/ersion 5.1	Revision Date: 2023/09/30		S Number: 55497-00010	Date of last issue: 2023/04/04 Date of first issue: 2019/10/17		
In cas	se of eye contact	:	If in eyes, rinse w			
lf swa	llowed	:	Get medical attention if irritation develops and persists.If swallowed, DO NOT induce vomiting.Get medical attention.			
Most important symptoms and effects, both acute and delayed			 Rinse mouth thoroughly with water. Suspected of causing cancer. May damage fertility. May damage the unborn child. May cause harm to breast-fed children. Contact with dust can cause mechanical irritation or drying of the skin. 			
Protee	ction of first-aiders	:	First Aid respond and use the record	the eyes can lead to mechanical irritation. ers should pay attention to self-protection, mmended personal protective equipment al for exposure exists (see section 8).		
Notes	to physician	:		ically and supportively.		
. FIREFIC	GHTING MEASURES

	Materia	als to avoid	:		the following product types:

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters

Progesterone Formulation

Version	Revision Date:	SDS Number:	Date of last issue: 2023/04/04
5.1	2023/09/30	5155497-00010	Date of first issue: 2019/10/17

Components	CAS-No.	Value type (Form of	Control parame- ters / Permissible	Basis
		exposure)	concentration	
Progesterone	57-83-0	TWA	6 µg/m3 (OEB 4)	Internal
		Wipe limit	60 µg/100 cm2	Internal
Titanium dioxide	13463-67-7	NAB	10 mg/m3	ID OEL
	Further information: Not classified as carcinogenic to enough data to classify these materials as carcinoger mans or animals			
		TWA (Res- pirable par- ticulate mat- ter)	2.5 mg/m3 (Titanium dioxide)	ACGIH

This substance(s) is not bioavailable and therefore does not contribute to a dust inhalation hazard.

Titanium dioxide

Engineering measures :	Containment technologies suitable for controlling compounds are required to control at source and to prevent migration of the compound to uncontrolled areas (e.g., vacuum conveying from a closed system, packout head with inflatable seal from stationary container, ventilated enclosure, etc.). All engineering controls should be implemented by facility design and operated in accordance with GMP principles to protect products, workers, and the environment. Essentially no open handling permitted. Use closed processing systems or containment technologies.
Personal protective equipmen	t
Respiratory protection :	If adequate local exhaust ventilation is not available or expo- sure assessment demonstrates exposures outside the rec- ommended guidelines, use respiratory protection.
Filter type : Hand protection	Combined particulates and organic vapour type
Material :	Chemical-resistant gloves
Remarks :	Consider double gloving.
Eye protection :	Wear safety glasses with side shields or goggles. If the work environment or activity involves dusty conditions, mists or aerosols, wear the appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.
Skin and body protection :	Work uniform or laboratory coat. Additional body garments should be used based upon the task being performed (e.g., sleevelets, apron, gauntlets, dis- posable suits) to avoid exposed skin surfaces. Use appropriate degowning techniques to remove potentially contaminated clothing.
Hygiene measures :	If exposure to chemical is likely during typical use, provide

eye flushing systems and safety showers close to the working place. When using do not eat, drink or smoke. Wash contaminated clothing before re-use. The effective operation of a facility should include review of

engineering controls, proper personal protective equipment, appropriate degowning and decontamination procedures, industrial hygiene monitoring, medical surveillance and the use of administrative controls.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	:	Crystalline powder
Colour	:	white to off-white
Odour	:	odourless
Odour Threshold	:	No data available
рН	:	No data available
Melting point/freezing point	:	126 °C
Initial boiling point and boiling range	:	No data available
Flash point	:	Not applicable
Evaporation rate	:	Not applicable
Flammability (solid, gas)	:	No data available
Upper explosion limit / Upper flammability limit	:	No data available
Lower explosion limit / Lower flammability limit	:	No data available
Vapour pressure	:	Not applicable
Relative vapour density	:	Not applicable
Relative density	:	No data available
Density	:	No data available
Solubility(ies) Water solubility	:	practically insoluble
Partition coefficient: n- octanol/water	:	Not applicable
Auto-ignition temperature	:	No data available
